

YES Scholars Ways To Give

Companies with Matching Gift Programs

The following national companies offer a matching gift when their employees make a personal donation to a nonprofit organization. This means that your employer may be willing to match all or part of your donation amount with its own donation.

Contact your Human Resources department for information about your company's program. If you find that your unlisted employer does offer a matching gift program, please let us know so that we can add them to our list. Thank you!
